Manawa Telephone Company, Inc.

Form 481 Line No.: 1210 Terms and Conditions of Voice Telephony Lifeline

- (c) When the homestead tax credit is one of the customer's qualifying income assistance programs, the eligibility for lifeline assistance continues until the bill date in the next June following the end of the tax year. At that time, lack of eligibility shall be re-verified by the local exchange service provider before removing the lifeline assistance from the customer's bill.
- (5) Local exchange service providers may receive reimbursement from the universal service fund for 100% of that portion of the standard authorized rate for service which is in excess of the amount of the lifeline monthly rate which is eligible for reimbursement from federal lifeline program funds.
- (6) Customers eligible for lifeline or link-up America assistance may not be charged a deposit for service if they voluntarily accept toll blocking, may not be requested to pay in advance for more than one month's local service bill, and may not be disconnected from local service for nonpayment of toll charges billed by the local exchange service provider. Customers that otherwise would be subject to disconnection may be counseled to accept toll blocking.
- (7) A local exchange service provider acting under the limited conditions specified in its commission approved telecommunications customer assistance program under s. PSC 160.08 may impose toll blocking or restriction on lifeline customers.

PSC 160.063 Outreach for low-income assistance programs.

- (1) Funding shall be available to fund collaborative partnerships between community-based organizations and telecommunications providers to increase participation of the eligible populations in the universal service fund low-income support programs.
- (2) Funding from the universal service fund for these collaborative efforts shall not exceed \$250,000 in one year.
- (3) The commission shall annually review and grant funding based on complete responses to a request for proposals. Funding shall be limited to not more than 6 projects with at least one project focused statewide and one project focused on the Milwaukee area, if feasible.
- (4) The commission shall contract for an evaluation of the effectiveness of this program in promoting enrollment in low-income programs and subscribership to telephone service to be completed within 2 years of May 1, 2000. The cost of this evaluation shall not exceed \$25,000. This \$25,000 shall be included as part of the \$250,000 maximum total funding available under this section during the year in which the evaluation occurs.

PSC 160.08 Telecommunications customer assistance program.

The commission may authorize individual telecommunications providers to establish telecommunications customer assistance programs that meet authorized goals and objectives for increasing or stabilizing subscription levels for non-optional, essential telephone service within its service territory or to address avoidance of disconnection or limitation of service to low-income households with payment problems. Such programs may allow a provider to not make available certain essential services, as defined in s. PSC 160.03(2), in order to preserve at least minimal telephone service to certain low-income households with payment problems. The commission shall determine on a case-by-case basis whether or not a telecommunications customer assistance program may receive universal service fund monies.
